Good MPF Employer Award 2017-18

The MPFA has held the "Good MPF Employer Award" ceremony on 9 October 2018 to recognise employers who are compliant with MPF legislation and exemplary in enhancing the retirement benefits of their employees. A total of 1,102 organizations received the award, which hit a record high, indicating that more and more employers became aware of their MPF responsibilities and were willing to provide more retirement benefits to their employees. BOCI-Prudential has received 3 prestigious accolades from the MPFA - "Good MPF Employer", "e-Contribution Award" and "Support for MPF Management Award". We also attended the electronic services exhibition held concurrently with the ceremony to display our latest electronic tools and online systems, and demonstrated how these free tools and services helped employers manage their MPF contributions more accurately and conveniently without incurring any extra cost.
