

## **FAQ on changes of investment manager of My Choice Hong Kong Tracking Fund and its Index-tracking Collective Investment Scheme (“ITCIS”)**

1. What are the changes to the investment manager of My Choice Hong Kong Tracking Fund (and its ITCIS)?

With effect from 20 September 2021, there will be changes made to the investment manager of My Choice Hong Kong Tracking Fund and its ITCIS. State Street Global Advisors Asia Limited (“SSgA”), the existing investment manager of the underlying ITCIS of My Choice Hong Kong Tracking Fund, will be replaced by CSOP Asset Management Limited (“CSOP”). My Choice Hong Kong Tracking Fund will invest in an ITCIS managed by CSOP (“New ITCIS”) instead of its existing ITCIS.

2. When will be the Effective Day of the change?

The Effective Day is 20 September 2021.

3. Why do you make such changes? Are there any benefits?

We, as the Trustee, performed a review on the ITCISs available in the market with similar investment objective as that of the ITCIS managed by CSOP, and noted that the New ITCIS is achieving its investment objective by fully replicating the Hang Seng Index. Moreover, the new investment manager has the capability to manage the New ITCIS using the net asset value of the ITCIS rather than the secondary market price as traded on the Hong Kong Stock Exchange. Hence, the valuation of My Choice Hong Kong Tracking Fund would not be subjected to the supply and demand of units traded in the Hong Kong Stock Exchange.

4. Will the fund management fee increase accordingly and what is the level of management fee?

No, the fund management fee will not increase, and the current level will remain unchanged at 0.70%.

5. Will it lead to suspension of dealings?

No.

6. Will there be any special circumstance(s) which could cause my instruction regarding the affected investment fund submitted before the Effective Day to be not processed?

If there is a typhoon signal No. 8 or above or a black rainstorm warning issued on or before the Effective Day, your instruction will not be processed on the same day and will be processed on the next dealing day.

7. How do the above changes affect my accrued benefits and account value?

Such changes will NOT involve suspension of dealings, and the total value of each account affected will remain unchanged both before and after the changes. Such changes will not have any adverse impact on the interests of the members of the Scheme.

8. Will the investment unit be traded during the transition of management between the investment managers?

No, investment unit will NOT be traded during the transition of management between the investment managers. The underlying ITCIS of My Choice Hong Kong Tracking Fund will be redeemed from the existing fund manager - SSgA and reinvested into the New ITCIS managed by the new investment manager - CSOP. However, the above-mentioned dealing of the underlying ITCIS does not involve the redemption and subscription of members' investment units.

9. If I currently hold units of the above-mentioned fund, and I no longer want to do so before the Effective Day of the above changes. What can I do?

You can rebalance your existing investment portfolio and/ or change the investment portfolio for your future contributions into the rest of the constituent funds under the Scheme before 4pm on 17 September 2021. We will send you a confirmation statement of the transaction within one week upon successful completion of the instructions.
